

Hello

Further to the update on developments regarding the COVID-19 situation and noting guidance specifically from the UK Government, the Chief Medical Officer and Chief Science Officer. According to the guidance given on the 16th of March 2020, we are to “avoid large gatherings, and gatherings in smaller public spaces such as pubs, cinemas, restaurants, theatres, bars, clubs”.

Therefore after careful consideration and in the interests of public health and our stall holders, we have taken the difficult decision not to hold our Easter Craft Fayre on 28th & 29th March 2020 or our Easter Markets on 10th, 11th, 12th & 13th April.

We recognise this news may be disappointing for our stall holders, as it is for us, and we sincerely apologise for any inconvenience this may cause to crafters, stall holders and visitors alike.

If you would like further information please get in touch carol@owleventsandmarketing.co.uk.

Stay safe and kind regards

Carol and Kate
